

BLOCK 37^{mf}

X-BLOCK 37

X-BLOCK 37 ONDA

BLOCK 37, a montaggio frontale è una nuova soluzione per facili installazioni e garanzia di affidabilità. Realizzato in leghe ferrose per renderlo indistruttibile ai colpi e alle scalfiture. Finalmente un tasto in grado di abbinare solidità, durevolezza e velocità di montaggio.

BLOCK 37, with "front mount" is a new solution enabling easy installation and assuring reliability. Made in metal alloy to make it indestructable to knocks and scratches. At last a touchboard combining solidity, durability, and speedy assembly.
